Technical: Working knowledge of HTML, CSS, JavaScript

WORK EXPERIENCE

Digital Marketing Intern (Paid Ads & SEO) **May 2026 – Aug 2026**

MRKTOPS | Montreal, QC (Remote)

- Built a Google Ads launch plan for a premium Montreal renovation client: 3 campaigns on a $50 CAD/day budget, English/French exact and phrase match keywords, negative keyword filtering, and GA4 + Tag Manager conversion tracking.
- Supported Google Ads and Meta Ads optimization for restaurant and home renovation clients through creative testing, audience targeting and competitor analysis.
- Ran local SEO audits and built Google Business Profile citations to keep business details consistent across directories.
- Tracked deliverables in Trello and reported CTR, CPA and ROAS, bringing recommendations to client strategy sessions.

Marketing and Sales Intern **Aug 2024 – Feb 2025**

Sultani Marketing | Toronto, ON (Remote)

- Conducted market and audience research to support marketing and sales campaigns, including paid advertising efforts, while rebuilding and updating the company website from scratch in WordPress using Elementor to enhance visual appeal, usability, and brand presence.
- Designed infographics to pull insights from social account performance, edited short-form videos, and wrote informational Instagram posts and blogs to drive engagement.

SEO Trainee **May 2023 – Nov 2023**

21Twelve Interactive LLP | Ahmedabad, India

- Created and optimized content for social media, blogs, and websites using data-driven SEO strategies, increasing organic traffic by 78% within 2-3 months. Updated and maintained client WordPress websites, including uploading blog content and managing on-page SEO elements (meta titles, descriptions, keywords) using the Yoast SEO plugin.
- Improved the page load time on a client ecommerce website (Nova of California) from 5-6 seconds to about 2 seconds. Built backlinks and optimized on-page SEO to move most tracked keywords into Google search ranking positions 1–5.
- Wrote blogs for clients across industries with targeted keywords, credible reference links and trending images. Fixed old broken links, created new social bookmarking links, engaged with relevant discussions on Quora, tracked keyword rankings using HubSpot and SEMrush, and managed project tasks in Asana.
